

# Educational Studies

## Early Childhood Studies • Lifelong Learning with Technology

This fully online advanced-entry program is designed for students who have completed a two-year Ontario college diploma or equivalent. Our unique online format uses virtual classrooms to maximize interaction, collaboration and community building. You may pursue this program on a part-time or full-time basis.

### Program Highlights

**Online** program allows you to study from home and continue to work while you earn your degree.

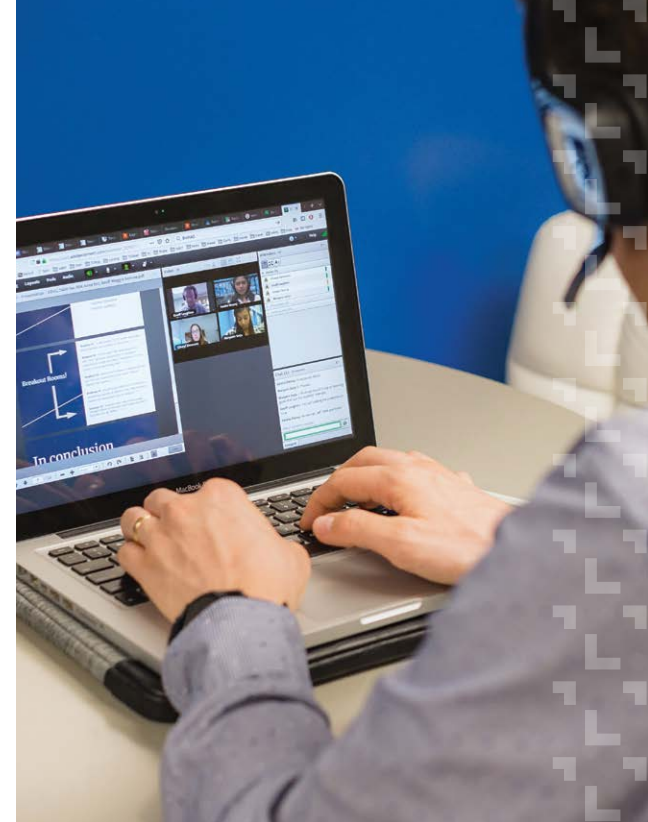

**Flexible** learning environment is designed to reach students anywhere in the world.

**Practical** curriculum leverages the potential of digital technology in lifelong learning.

**Engaging** videos, group tutorials, discussions and self-directed, problem-based learning.

Our Educational Studies program prepares graduates for careers in human resources management and education, and training in industrial, commercial, and not-for-profit and community sectors.

Additionally, graduates with the required qualifications will receive priority status for acceptance into our Master of Education programs.
